REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1969 fire season was a quiet one in this area. Frequent rains kept the danger to a minimum and there were few violations. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follow:

Fire Permit

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be prior to 9:00 a. m. and after 5:00 p. m.

Exceptions

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

Penalties

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.
2. For kindling a fire by any means willfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.

3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland maximum fine of \$25.00.

Fire prevention is a personal matter and a good habit.
Keep our town free from smokes in 1970.

SCHOOL NURSE REPORT**School Year 1968-69**

As in the past each incoming first-grader who had not already been checked on vision and hearing was screened on Orientation Day by the School Nurse. A check on Smallpox immunization was also made.

Each first grader received a physical examination either through the summer Headstart Project, the Supervisory Union No. 9 health appraisal program at Memorial Hospital, or a report of a medical examination by the family physician was furnished by the child's parents.

The Tine Test was administered March 10, 1969 to pupils in grade one in cooperation with the New Hampshire Tuberculosis and Health Association. All tests were normal.

During March a measles susceptibility survey was conducted among the school children. With two exceptions each child had received Measles (Rubeola) Vaccine or had already had measles.

Several new health education films were introduced in the upper grades.

The splendid help from the community, parents, school and health agencies accomplished much which without their help could not have been completed.

Respectfully submitted,
REBECCA SANBORN, R. N.
